The Human Resource Manager,

Safaricom PLC

Dear Sir/Madam

RE: APPLICATION FOR FINANCIAL SYSTEMS SOFTWARE DEVELOPMENT ENGINEER

I wish to apply for the above-named post recently advertised in https://safaricom.co.ke website. I hold Bachelor Degree in Computer Science, with over 6 years of experience in software development.

With my skill-set and competencies, I am able to develop information systems, mobile applications and websites using current programming technologies such as Angular Js (Web Frontend), Ionic (Mobile Frontend) , Electron(Desktop Frontend) and Java Spring boot/PHP for Backend APIs with databases such as MySQL and Mongo Db.

I am able to set up, Install, configure, monitor, troubleshoot and maintain servers mainly running on Linux environment.

I am currently working at Consolata Hospital Mathari as ICT Officer, managing both Hospital and Its Medical College ICT Infrastructure which include HMIS.

I started my career at Ekas Technologies LTD working as software developer for the company. At the company I was able to program Ekas Speed governor's data transmission systems to meet NTSA standards. I also developed Ekas Fleets Tracking App.

I have attached my CV highlighting my academic and professional skills.

I will be most grateful if my application is considered favourably.

Sincerely,

Samuel Ndegwa Mwaniki
