Core HR Management

Employee Information Management

- Complete employee profiles with personal, professional, and emergency contact details
- Document management for contracts, certifications, licenses, and compliance records
- Photo identification and biometric data integration
- Employee self-service portal for profile updates and document uploads

Recruitment & Onboarding

- Job posting and application tracking system
- Interview scheduling and candidate evaluation tools
- Background check and reference verification workflows
- Digital onboarding processes with checklist management
- Credential verification for medical staff licensing requirements

Performance Management

- Goal setting and performance review cycles
- 360-degree feedback capabilities
- Skills assessment and competency tracking
- Career development planning tools
- Disciplinary action tracking and documentation

Nursing & Clinical Staff Scheduling

Advanced Duty Roster Management

- Automated shift scheduling with skill-based assignments
- Nurse-to-patient ratio compliance monitoring
- Float pool management for department coverage
- Call schedule management for on-call duties
- Holiday and weekend rotation scheduling

Shift Management Features

- Real-time shift swapping and coverage requests
- Emergency staffing alerts and rapid response scheduling
- Overtime tracking and approval workflows
- Break and meal scheduling coordination
- Integration with patient acuity systems for appropriate staffing levels

Compliance & Regulatory Requirements

- Work hour limitations tracking (resident duty hours, nursing shift limits)
- Mandatory rest period enforcement
- Skills-based scheduling (ICU-certified nurses, specialized units)
- License expiration tracking and renewal alerts
- Continuing education requirements monitoring

Payroll & Compensation Management

Comprehensive Payroll Processing

- Multi-pay period support (weekly, bi-weekly, monthly)
- Complex pay rate calculations (base, shift differentials, overtime)
- On-call and standby compensation tracking
- Holiday and premium pay calculations
- Retroactive pay adjustments and corrections

Benefits Administration

- Health insurance enrollment and management
- Retirement plan contributions (403b, pension plans)
- Flexible spending accounts and HSA management
- Paid time off accrual and tracking
- Workers' compensation integration

Financial Reporting & Analytics

- Labor cost analysis by department and unit
- Budget variance reporting
- Payroll tax compliance and reporting
- Union contract compliance monitoring
- Cost center allocation for different hospital departments

Time & Attendance Management

Advanced Time Tracking

- Biometric time clocks with anti-buddy punching
- Mobile time tracking for remote or traveling staff
- Integration with ID badge systems
- Geofencing for location-based time tracking
- Exception reporting for missed punches or policy violations

Leave Management

- Comprehensive PTO tracking (vacation, sick, personal)
- Family Medical Leave Act (FMLA) compliance
- Sabbatical and extended leave management
- Bereavement and jury duty tracking
- Return-to-work clearances and documentation
