FINAL COMPETITION TIME TABLE

07:00 Breakfast

08:00 Arrival

09:00 Start - Competition

13:00 Lunch

14:00 Competition

16:00 Completion

17:00 Award Ceremony for the Award Ceremony

THE SIX CHALLENGES/ TASK FOR COMPETITION

TASKS

NO.1: EMERGENCY MANAGEMENT – TIRE CHANGE

NO. 2 BRAKING AVOIDANCE OF OBSTACLES – SOAPY WATER

NO.3: BOWL SLALOM

NO.4: DAMAGE REDUCTION PARCOURS

NO.5: OFF ROAD – (OFF-ROAD TERRAIN)

NO.6: ROLL CAR

TASK WRIST RIBBON REPRESANTATION

TASK 1 - White

TASK 2 - Blue

TASK 3 - Yellow

TASK 4 - Green

TASK 5 - Purple

TASK 6 - Red

NO.1: EMERGENCY – TIRE CHANGE

TASKS NO. 1

DESCRIPTION:

Vehicle: 01 Vehicle:

- The aim of the exercise is change tire wheel as error free, and as quickly as possible, a vehicle with intact wheels.
- Surface: tarmac.
- Starting Equipment set up will be order will be arranged.
- Finish re-arrange in a garage.

- **Penalties:**

Improper Jacking	**+ 60 sec**
Wrong Use of wheel spanner	**+ 40 sec**
Wrong Tire fixing	**+ 30 sec**
Failure to Securing the Scene (Live saver)	**+ 20 Sec**
Participant position	**+ 10 sec**
Poor Wheel Spanner Kit arrangement	**+ 10 sec**
Proper protective gear must be worn.	**+ 10 Sec**

Score:

The scoring is based on the fastest time 5mins then added penalty seconds. Time + penalty seconds.

For example, if the competitor completes the course in 5min, but wrong use of wheel spanner, Participant position, the result is: 00:05:00+40+10 = 00:05:50.00

NO.2: BRAKING – AVOIDING OBSTACLES

TASKS NO 2

DESCRIPTION:

Vehicle: 01 Vehicle:

- The aim of the exercise is to drive a course on a slippery surface with a certain speed and not to hit any obstacles.
- Surface: slippery surface
- Speed is measured by mobile system.
- Starting order will be drawn.
- Obstacles will be drawn

Speed:

- **Minimum speed of 30 kmh**
- **Top speed of 50 kmh**

Penalties:

- **Seat belts Use and Safety precautions - 50 Km/h**
- **Stopping before or After the obstacle line - 30 km/h**
- **Cone contact - 05 km/h**
- **Under speed (less than 45 km/h) - 10 km/h**
- **Overspeed (over 60 km/h) - 10 km/h**

*** "The obstacles means a marked exact stopping line on the surface**.

Score:

The result is based on the driven speed minus any possible penalties in kmh. For example, if the driven speed is 50kmh and 2 cones are hit, the result is: 50 – 5 – 5 = 40 points.

NO.3 : BOWL SLALOM

TASKS NO.3

DESCRIPTION:

Vehicle: 01

Speed:
- Minimum speed of 45 kmh
- Top speed of 60 kmh

Description
- The route (Giant slalom) is marked by cone. The competitor must drive between 2 cones (gate)
- Part of the course can be (not Mandatory) on slippery wet) surface
- On the bonnet of the car a bowl is mounted and contains a ball the ball is fixed to the bowl with ropes
- If the ball falls out of the bowl the competitor must stop and put the ball back to the container
- A maximum time limit will be defined for this task

Penalties:
- **Safety Belt use and other safety precautions - 50 km/h**
- **Cone contact - 05 km/h**
- **Under speed (less than 30 km/h) - 10 km/h**
- **Overspeed (over 50 km/h) - 10 km/h**
- **Spin - 20 km/h**
- **Ball Leaving the BOWEL - 10 km/h**

Score:
The result is based on the driven speed minus any possible penalties in kmh. For example, if the driven speed is **50kmh and 2** cones are hit, the result is**: 50 – 5 – 5 = 40 points.**

NO.4: DAMAGE REDUCTION PARCOURS

DESCRIPTION: ,

Vehicle: 01 Vehicle: Ford Custom

- The aim of the exercise is a flawless drive through a very narrow course on a round about including some parking maneuvers, making as few mistakes as possible.
- Surface: tarmac
- Starting order will be drawn.
- Standing start.

Penalties:

Safety:

- **Seat belt not worn use and Safety Precautions. + 60 sec**
- **Cone contact + 10 sec**
- **Maps / barrier by parking + 40 sec**
- **Not stopping (over braking) in the target garage + 40 sec**

Altitude control:

- **Green marker and red marker to high + 10 sec**
- **Green marker and red marker touched + 15 sec**

Score:

The scoring is based on the fastest time then added penalty seconds. Time + penalty seconds + estimation of the height of the vehicle.

For example, if the competitor completes the course in **50 sec but hit 2 cones** and doesn't stop in the target garage AND touch the green and red marker, the result is:

50sec + 10sec+ 40sec + 15 = 115 sec.

TASKS NO 4

NO.5: OFF ROAD – (OFF-ROAD TERRAIN

DESCRIPTION:

Vehicle: 02 vehicles: identical Ford Ranger with identical tires

- The aim of the exercise is to complete a marked course as error free as possible under a maximum time.
- Surface: gravel and tracks
- The marking is based on penalty points (0 penalty points best possible rating) and a measured time. Maximum time = 5 mins.
- Starting order will be drawn.
- Standing start (gate)
- Finish in garage (target garage).
- 2nd competition vehicle can start, if the 1st still on track, if both participant and the instructor agree.
- If two competitors have the same penalty points, then the best time counts.

Penalties:

• **Seat belt not worn.**	**50 Penalty Points**
• **Proper Gear engagement**	**40 Penalty points**
• **Wheels stopped**	**01 penalty point**
• **Reversing (incl. stopping)**	**03 penalty points**
• **Indicator falls (ball) or touches pole**	**06 penalty points**
• **Leaving the imaginary line with all wheels (missing the gate)**	**06 penalty points**
• **Exceeding the maximum time**	**10 penalty points**

Score:

If the wheels stop twice and one indicator falls, the penalties are: **01 + 01 + 06 = 08 penalty points.**

TASKS NO. 5

NO.6: ROLL CAR

TASK NO. 6

DESCRIPTION:

Vehicle: 01 Vehicle:
The aim of the exercise is to drive a giant slalom as error free, and as quickly as possible, with a vehicle with unstable rear wheels.

- Surface: tarmac.
- Starting order will be drawn.
- Flying start, finish is stopping in a garage.

Penalties:

- **Seat belt must Use and Safety precautions** **+ 40 Sec**
- **Cone contact** **+ 20 sec**
- **Missing a gate** **+ 15 sec**
- **Not stopping (over braking) in the target garage** **+ 15 sec**
- **Non communication – use of horn** **+ 10 sec**

Score:
The scoring is based on the fastest time then added penalty seconds. Time + penalty seconds.
For example, if the competitor completes the course in **00:00:40,00** sec, but hit a cone and miss one gate, the result is: **40+ 10 + 15 = 0:01:05:10.**
